

# Buy vs. Build:

## Which Route Gets You To Compliance Faster?

When your team outgrows spreadsheets and workarounds, the question comes up fast: build in-house or invest in a platform built for this job? **It's not just a tech decision—it's a strategic one.**

Before you reinvent the wheel, take a look at what's already working at scale. NOTICENINJA is purpose-built, proven, and ready to deliver tax notice compliance from day one.

Factor	Buy With NOTICENINJA	Build In-House
Time to Go LIVE	4 Weeks + LIVE Onboarding	12 - 18 Months or More
Compliance Readiness	Built-in Workflows, 10k Jurisdictions	Custom Build Scenario
Customization	Low-code, Configurable	High Engineering Effort
Integrations	Salesforce, ClientSpace, MasterTax, Office 365...	Custom APIs + IT Lift
Security	SOC 2, SSO, RBAC	Scoped/Approved by IT
User Adoption	90% in 30 Days via the Dojo	Depends on Internal Training
Total Cost of Ownership	Predictable & Scalable	High + Ongoing Maintenance

**It's not built by generalists. It's built by people who've lived the tax season crunch, handled the agency turmoil, and know exactly how critical every missed deadline can be.**
